

Do You Have Questions For Your Child's Doctor?

We all know the feeling of leaving the doctor's office only to find we forgot to ask something. To make the most of well child visits we have included a form that you can **bring to your child's next well child appointment**. Well child visits have three areas the doctor covers. Write down your concerns or questions next to the area provided.

Questions For The Doctor - Bring to your child's doctor visit!

1. **History** - Anything you need to tell the doctor about your child's past health, or family history?

2. **Physical Exam**-Is there something going on now with your child's health that concerns you?

3. **Health Education** - (for example) Nutrition concerns, behavior, school readiness, potty training, bedwetting, etc.
