

UPHP Provider Bulletin

Effective April 1, 2017

Billing Custodial Claims to Upper Peninsula Health Plan (UPHP)

In order for UPHP to correctly pay your Quality Assurance Supplement (QAS) payment, you must bill the resident's original admission date to your facility in field 12 (highlighted below) on UB-04 claim form **or** loop 2300, DTP/435/03 on your electronic claim. UPHP uses the date in this field in order to determine if you qualify for your QAS payment which starts 91 days after admission to your facility for custodial care.

1		2	
8 PATIENT NAME		a	9
b		t	
10 BIRTHDATE	11 SEX	12 DATE	ADMISSION 13 HR 14 TYPE SRC 16 DHR 17
31 OCCURRENCE CODE DATE		32 OCCURRENCE CODE DATE	33 OCCURRENCE CODE DATE
a			
b			

Examples:

If the custodial resident is discharged to the community from the nursing facility and no return is expected, but the resident is admitted to the nursing facility at a future date, the 90 day clock restarts and does not continue from the previous stay. You must bill UPHP with the new admission date.

If the custodial resident is admitted to the hospital and is expected back to your facility, do not submit the return date back to your facility as the admission date on the claim as that will alert UPHP to restart the 90 day clock for determining QAS payment to your facility on that resident/claim.
