By the end of this webinar, participants should be able to:

1. Define common behavioral health conditions among dually eligible older adults.
2. Recognize effective and appropriate treatment options for older adults with behavioral health needs.
3. Identify practical tips and concrete strategies to improve care for older adults with behavioral health needs based on real-life stories from the field.
4. Identify opportunities to collaborate with clinicians, social workers, case managers, and caregivers to support dually eligible older adults with behavioral health needs.

UPHP Provider Relations will also send this information to those email addresses we have on file to provide the web link for easier registration. If we do not have your email address on file, please feel free to email us at uphpprovider-relations@uphp.com or call 906.225.1145 and request this. We can also put your email on file for these opportunities in the future.
