2019 Michigan Rural & Community Health Documentation, Coding & Billing Bootcamp

BECOME A RURAL OR COMMUNITY HEALTH CODING & BILLING SPECIALIST (CH-CBS OR RH-CBS)

Who is the class for: This class is specifically designed for clinical personnel (MD, DO, NP, PA, RN), coders, billers, EHR professionals, facility and financial managers that work in RHCs, FQHCs and look-alikes to encourage building a shared foundation of knowledge. We will provide action items and how to “get results” by working together through hands-on practice.

Why attend?

- Recently, RHCs had to start listing all CPT and HCPCS-II codes performed on claims to Medicare for the first time in decades. Many RHCs are still learning to balance its AIR (“per diem”) Medicare system of getting paid with the huge billing variations when billing commercial carriers or Medicaid.
- With the recent requirement by CMS to require FQHCs to list all CPT and HCPCS-II codes – it has never been more important to make sure you are documenting and coding for 100% of what is done. Commercial payers probably don’t pay under the Medicare PPS system, so you have to bill them differently.
- If you aren’t documenting and coding correctly you may not be capturing everything that is done and some revenue may be left on the table! Your cost report is very tied to your professional coding practices – don’t undervalue and underreport what you do.
- With IT finding its way into more areas of medical facilities the difference between clinical documentation, professional coding, and medical billing have never been more important.
- Are you too dependent on IT instead of relying on well-trained and qualified staff? We will focus on the guidelines that appear before and after key coding sections that rarely are accessible to providers and coders/billers in their EHRs and encoder software.
- We will limit the review of codes that will rarely or never be performed in your facility setting – and will focus on primary care visits, behavioral health, and preventive services.
- We will be careful to get hands-on with over a dozen vital resources (including the CMS Benefits and Claims manuals) that outline the unique approach rural and community health needs to be aware of to stay compliant!

Date & Times: May 23-24, 2019

Day 1: 9:00 am - 4:30 pm

Day 2: 8:30 am - 12:30 pm

Cost: Free to Upper Peninsula Based Practice ONLY
(Class is Limited to 75 Attendees)

Location: Holiday Inn
1951 U. S. 41 West
Marquette, MI 49855

Room Block: Rate \$119.95 Available until 5/1/19 between the dates of 5/22/19 - 5/24/19

Book Room Online: <https://bit.ly/2Huq1GJ>
Enter Code **UPH** in the Group Code field or call (906)225-1351

Class Registration Online:
<https://www.ruralhealthcoding.com/event/michigan2019>

By Phone: 404-937-6633 Option 1

CEUs: Approved for 11 CEU Units by AAPC and ArchProCoding

CMEs: Approved for 11 CMEs for MD, DO, NP, PA, RN

Questions?: info@RuralHealthCoding.com or call 404-937-6633 Option 1

*Registration for this program is subsidized by grant funding provided by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under grant award G20RH301141-02-02 for Small Health Care Provider Quality Improvement. Information, content and conclusions are those of the program provider and should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S Government.

What is Covered & Agenda

How well do your clinical providers know the rules: Do your clinical providers know the documentation rules related to capturing the valuable services they provide? What type of training do they have on the differences between coding and billing? How long has it been since they received updates?

- Does your facility have a full record of each service provided (CPT/HCPCS-II codes) and why they were done (ICD-10-CM codes) regardless of whether you get paid or not?
- Are you generating all of the revenue that you are entitled to when billing non-Medicare/Medicaid payers?
- Are you reporting quality measures related to Shared Savings, Risk Adjustment, HCCs, or other Quality Improvement programs?

Day 1 – Training and Hands-on Exercises

8:00 a.m. – 9:00 a.m. - Continental Breakfast & Registration

9:00 a.m. – 12:00 p.m. - Introduction to RHCs/FQHCs and Clinical Documentation for Providers

12:00 p.m. – 1:00 p.m. Lunch (Lunch will be provided by Azalea Health)

1:00 p.m. – 4:30 p.m. Clinical Documentation for Providers Continued and Professional Coding for Management

Day 2 – Training and Hands-on Exercises

8:00 a.m. – 8:30 a.m. – Coffee & Registration

8:30 a.m. – 12:30 p.m. Proper Billing and Reporting for Coders/Billers and Review of Action Items and How to Get Results

Required Class Materials (software simply doesn't give you access to all of the guidelines!)

- 2019 CPT manual (AMA's Professional Edition strongly recommended)
- 2019 – Any publisher's HCPCS-II manual
- 2019 – Any publisher's ICD-10-CM manual

Student Workbook with a copy of slides and exercises will be provided at class at no additional cost

These coding books should be available through your clinic or health system, however if you need to order you can add them to your registration at checkout or click the following link: <https://www.ruralhealthcoding.com/store/ListProducts.aspx?catid=673913>

If you order books from ArchProCoding please allow ample shipping time to you as coding manuals will not be brought by our team and they are required for class. Sharing manuals between 2-3 people from the same facility is fine.

Earning the optional Rural or Community Health Coding and Billing Specialist (RH-CBS or CH-CBS) Certification

Upon completing the live class authorized attendees will be able to take either the Rural and/or Community Health Coding and Billing 100 question online certification examination. The exam is scored immediately and if a score of 70% is achieved, a certification of Rural Health Coding & Billing Specialist (RH-CBS) Community Health Coding & Billing Specialist (CH-CBS) will be granted by the Association for Rural & Community Health Professional Coding.

Full attendance includes the live training sessions, a 90-day ARHPC membership (one year if you pass the optional exam), discounted access to a practice exam, and the optional testing fee.

After you pass the optional certification examination

A certificate suitable for framing will be available for download along with annual CEU renewal requirements and membership dues based upon the date of the class you attend. If the test is not passed the first time a free re-test is available within the same testing deadline. The exam must be taken within 60 days of the last day of class or a fee of \$75 will be charged.

To maintain your RH-CBS or CH-CBS credentials you must earn 14 CEUs per each year with at least half coming from rural/community-specific educational sessions (e.g. webinars, in-person class, eLearning, etc.). Some of our CEUs are as low as \$14-40 per hour and are from nationally recognized industry experts.

*This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint providership of the University of Nevada, Reno School of Medicine and Association for Rural & Community Health Professional Coding. The University of Nevada, Reno School of Medicine is accredited by the ACCME to provide continuing medical education to physicians. The University of Nevada, Reno School of Medicine designates this live activity for a maximum of 11 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
