Resources for Integrated Care Webinar: Promising Practices for Meeting the Needs of Dually Eligible Older Adults with Substance Use Disorders

Date/Time: Thursday, May 16, 2019, from 1:30 to 3 p.m. ET

This interactive webinar will discuss common substance use disorders (SUDs) among dually eligible older adults, identify promising practices for screening, treatment, and care coordination, and demonstrate practical strategies for meeting the needs of older adults with SUDs.

To register and for continuing medical education/continuing education information, visit: https://www.resourcesforintegratedcare.com/Behavioral_Health/2019_BH_Webinar/Older_Adults_with_SUD
